

## Semi-automatic Film Laminating Machine

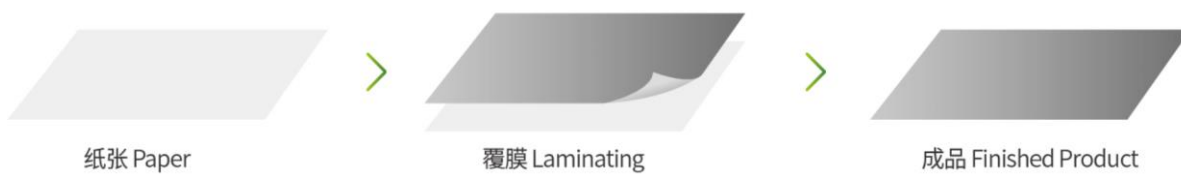

YFMB-750

### Machine Introduction

YFMB-750 semi-automatic Laminating Machine as a professional equipment used for plastic film laminating on the surface of paper printer matter.

- ☞ Thermal laminating (Pre-coated /thermal film)
- ☞ Film: OPP, PET, PVC, METALIC, etc.

### Application range

Widely applicable for laminating in packaging, paper box, books, magazines, calendars, carton, handbags, Gift box, Wine packaging paper improving the printing matter grades, and achieve the purpose of dust-proof, water-proof, oil proof. It's the best choice for printing and laminating enterprises of all scales.

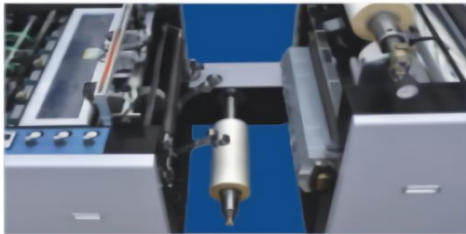

## Specifications

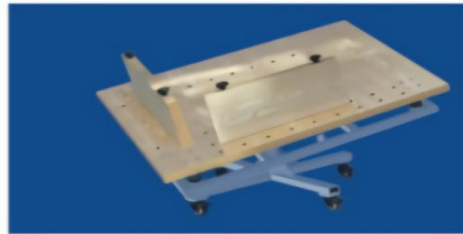

Model		<b>YFMB-750</b>
Max. paper size(Width)-mm	最大纸张规格	720
Speed-m/min	速度	0-30
Paper thickness-g/m <sup>2</sup>	纸张厚度	100-500
Power	电压	13kw
Weight	重量	1600kgs
Dimension (layout)	整机安装尺寸	4000*1700*1600mm
Loading	运输方式	By sea

\*The mahine can be customized

### 选配系统 Optional Parts

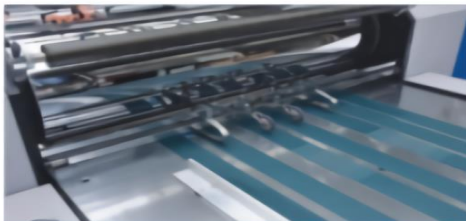

**双面加热系统**  
 Equipped with advanced electromagnetic heater. Fast pre-heating. Energy saving. Environment protection.

**震动收纸台**  
 Jogger

### 产品配置 Configuration

**自动叠纸系统**  
 Automatic overlap

**瓦楞曲纸系统**  
 Corrugated Delivery A corrugated delivery system collects papaer easily

**打孔和分切刀片**  
 Perforating and cutting knife

**320 滚筒加热**  
 302mm heating system

## 1. Service and Warranty:

### ☞ Training Content:

All machines have been finished all adjustment and test in NEW STAR workshop before delivery, the mechanical structure, components adjustment, electrical operation of the switch, and the matters needing attention, day-to-day maintenance of equipment, etc., In order to ensure the normal operation of equipment, later.

### ☞ Warranty:

12 months for electric parts, the service is for whole life, once you asked the spare parts, we can send immediately, customer afford the courier fee. (Since the date of purchase from delivery and on the board, within 12 months)
